Stone Acres Farm
STONINGTON - CONNECTICUT

About our property

Located in the picturesque coastal town of Stonington, Connecticut, Stone Acres Farm is a beautiful setting for your wedding ceremony and reception. The working farm, historic boxwood gardens, and rolling meadows combine elegance and rustic charm. Stone Acres Farm is the perfect venue for intimate gatherings as small as 20 or celebrations as large as 250. The 65-acre property offers many stunning and unique locations that will highlight each moment of your special wedding day. Say your vows in the formal garden, enjoy specialty cocktails and seasonal farm inspired hors-d'oeuvres on the historic croquet course, and then dine and dance the night away under a beautiful celebration tent on one of the surrounding meadows.

Rentals

Rental is for an approximate six-hour window and must end at 10:00pm. Please see pricing PDF for rental fees.

Included in all rentals are our 100 white garden chairs, and various sizes of round and rectangle catering tables. Capacity in the formal gardens is up to 225 seated, additional chairs can be rented through your event coordinator. In addition, the general site fee includes our on-site venue coordinator who will make sure everything runs smoothly, and liaises between all infrastructure vendors.

When hosting a wedding with us, please keep in mind that the following infrastructure items are included in the site fee: the Sperry celebration tent, power, basic lighting, and restroom trailer. Additional design items, including the catering tent, dance floor and upgraded lighting packages can be coordinated through a Stone Acres staff member.

The client is also responsible for catering, music, photography, flowers, and decor. We highly encourage the use of Stone Acres Farm fresh produce and flowers when in season. Stone Acres Farm has a list of preferred vendors that is available upon request. Vendors not on our list can be used on site but will need to be approved by Stone Acres Farm.
